

ANNUAL REPORT

Fiscal Year 2019

July 1, 2018 – June 30, 2019

*"Been on the streets for a long time. I was in another program. For years, they didn't help me. BEDS did."
– Richard, BEDS client*

Mission

We believe everyone deserves a home.

The mission of BEDS Plus Care is to help vulnerable individuals stabilize their lives through housing and supportive services. Our program includes emergency overnight shelter, rental and utility assistance, and short- and long-term supportive housing. We partner with a wide network of healthcare and social service providers to meet the complex and varied needs of each of our clients.

Services

BEDS Plus Care provides daytime support eight hours/day, Monday through Friday in La Grange and Worth. Emergency overnight shelter is delivered on a rotating basis at 17 locations across Southwest Suburban Cook County with partner churches for 10 months a year, seven nights a week. Over 1,000 volunteers operate our shelters from 7:00 pm to 7:00 am and provide a cooked dinner, breakfast and packed lunch. Case managers are on site to enroll clients in the care they need to stabilize and begin their recovery from homelessness.

Rental and utility assistance prevents homelessness and keeps low income people in crisis from becoming homeless. With little savings to see them through a crisis, a job loss, divorce, death in the family, accident, medical condition or other unforeseen emergency can put their housing at risk.

Short- and long-term supportive housing includes rapid rehousing, transitional housing and permanent supportive housing. Rapid rehousing moves people who are homeless for the first time into housing as quickly as possible, stabilizing them through case management. Transitional housing is for clients who need a longer period of support to stabilize and move into their own housing. Permanent supportive housing is for clients with long histories of homelessness and disability, including mental illness, who are not able to live independently without ongoing case management support.

In partnership with community-based care providers, BEDS offers health and behavioral health care; job search and back-to-work supports; household budgeting assistance; and, specialized services for families, seniors, veterans, victims of domestic violence, and persons with disabilities.
