

Adopt-A-Family

BEDS Plus Care helps vulnerable individuals stabilize their lives through housing and supportive services.

Adopt a family providing donations throughout the year to stabilize a families.

Your donation will directly assist with basic needs that are not covered through programs.

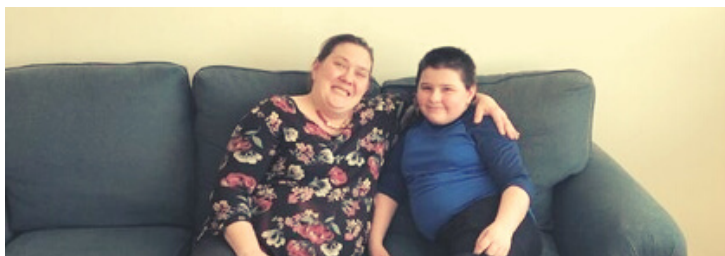

You can help a family with a donation that will be distributed over a year by our case managers for the little things: diapers, groceries, seasonal clothing, transportation, utilities, moving costs, household items and childcare.

\$2,500 will cover these incidental costs for one year for one family.

BEDS assisted 441 households with 681 children in FY 2022.
